## Bring Your Own Wine Endorsement

BYOW applies to unopened bottles of commercially-made wine that patrons bring to your licensed establishment; patrons **cannot** bring their own bottles of spirits or beer. Commercially-made wine only includes wine made by a manufacturer. It does not include wine made at a ferment-on-premise facility or any other type of homemade wine, or fortified wine (containing more than 14.9% alcohol). The bottle must be new, with its manufacturer's seal intact, and **no bigger than 750ml**.

**BYOW bottles must be brought to the bar to be uncorked and signed by staff.**  
**A fee of \$25 is applied for this service.**

## Take Home the Rest

Take Home the Rest only applies to wine. It does not apply to spirits or beer. The bottle must be resealed with a cork that is flush with the top of the bottle. Only the licensee or an employee of the establishment is permitted to recork a bottle that is being removed from the licensed premises.
